**Integrated Initiative for Designing Future Society & Data-Driven Innovation Initiative
Joint Symposium
Call for Posters for Poster Session**

June 2024

1.Purpose

In order to realize the vision of "Kyushu University that drives social change with integrative knowledge," as stated in the "Kyushu University VISION 2030," we aim to present practical initiatives and ideas that utilize integrative knowledge within our university to solve societal challenges and contribute to the transformation of the social and economic systems. We also encourage understanding of and participation in the Integrated Initiative for Designing Future Society and the Data-Driven Innovation Initiative.

The purpose of this poster session is to encourage and facilitate research and initiatives aimed at solving social issues conducted by the faculty, staff and students of our university, as well as promote exchanges between researchers, students and staff from different fields. We hope that this event will lead to social change through integrative knowledge.

2. Submission Guidelines

[Contents]

The poster must be related to one of the three entry points （(1)Decarbonization, (2)Medical and Health, (3)Environment and Food） which are the strengths of our university, as well as either (4)DX or (5)Next Issue (a field that is expected to become a new strengths or distinctive feature of our university). It also must be related to initiatives and ideas that solve social issues through cross-disciplinary approaches.
